Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Be sure to read the small print. I used the "look inside" feature from this site. So I was expecting the songbook that has 101 songs with a different format. I received the 50 songs songbook. So I went back to this site and read: This view is of the Paperback edition (2000) from Hal Leonard. The

Paperback edition (2008) from Hal Leonard that you originally viewed is the one you'll receive if you click the Add to Cart button on the left. In my opinion, the "look inside" feature should not be available unless it matches exactly.

I was expecting simple chord progressions as children songs often are, but there were many complicated measures with notes that were not necessary for a children setting. Most of the songs were in a lower key that made up-beat songs seem dull and mellow.

I ordered this book because I needed songs that can be used with kids who are ages anywhere from 5 to 17 to adult. This book includes a majority of the songs I remembered from my youth. Our church is trying a new program this year of providing school supplies after a day of fun activities. We will involve the kids in the music experience during the registration time. The songs that especially interested me were: "Do Lord", "Arky, Arky", "Zacchaeus", "He's Got the Whole World in His Hands", "If You are Happy" ...upbeat songs that the kids can have fun with. There are many other songs that we will consider too. They are simple enough arrangements that I will be able to play (I am not the most accomplished pianist). We are providing rhythm instruments for them to accompany us to add to the fun.

This book was a very good example of children's Christian songs from long ago. They are still wonderful to sing and use, especially in a Bible or Sunday School environment. Use of the motions that we were taught as a child, were used with the songs, also. Thank you for these wonderful songs!

Great Song Book...!

ok

Awesome song book for children. Simple and easy to teach.

Really like most of the arrangements. I have played all of the songs over the few weeks I have had this book. Although they are fairly simple to play, they sound great, unlike many of the available compilations of kids' sacred songs. They are musically interesting, with chord progressions that are very melodic, and good rhythmic arrangements. There is a good selection, variety, and number of

songs. I will use this a lot, and enjoy it, as will the kids.
