Customer Reviews

Outrageously sassy Junie B. Jones will make young kids crave their daily dose of reading. And with this handy four-volume boxed set, whether they start with Junie B. Jones and Some Sneaky Peeky

Spying or Junie B. Jones and Her Big Fat Mouth, readers will laugh out loud at Junie B.'s hilarious mishaps and breathtakingly horrible grammar. Although the books should come with a caveat--Kids, don't try this syntax at home!--alert parents and teachers can use her malapropisms as learning opportunities for their impressionable charges. The set contains the first four titles in Barbara Park's extensive series (energetically illustrated by Denise Brunkus), including Junie B. Jones and a Little Monkey Business and Junie B. Jones and the Stupid Smelly Bus. All are great for reading aloud. (Ages 5 to 8) --Emilie Coulter

Kindergarten-Grade 3-This recording gives the full flavor of Barbara Park's delightful character, Junie B. The recording includes Junie B. Jones and the Stupid Smelly Bus (Random, 1992), Junie B. Jones and Her Big Fat Mouth (Random, 1993), Junie B. Jones and a Little Monkey Business (Random, 1993), and Junie B. Jones and Some Sneaky Peeky Spying (Random, 1994). These stories take us inside the kindergartner's mind as we get to know the fears, frustrations and reasoning of an "almost 6" year old. Lana Quintal's narration is outstanding, and her voice is perfect as the sassy Junie B. Listeners are always aware which character is speaking by the seemingly effortless changes in modulation that Quintal uses. The Junie B. Jones series is wildly popular with the first through third grade set. This recorded book will delight students, and could be used to good advantage as a read-along for new or struggling readers. The quality of this recording is outstanding, and Quintal's narration provides sufficient interest to hold listeners attention to the end. An important addition to elementary school and public libraries serving the needs of emerging readers. My 8 year old grandson loves these books. They're fun to read and anything that gets him to read is a good thing!

My 6 year old granddaughter recently started reading some Junie B Jones books at school, and loves them. I got her this boxed set for her birthday and she Loves them! This seemed like a pretty good price for these 4 books, too (although they are fairly Thin books since their early reading types of books. I highly recommend this set!

My 7 year old son loves this series despite himself! He picked up and read an old Junie B book that was his older sisters one day and burned through it in 1 day. It was his first chapter book that he

read independently! I asked if he would like for me to purchase more and he said no thanks - that these are for girls. I ordered a set anyway and left them in his room and sure enough, he read them! It's our little family secret. :-)

My daughter LOVES all of the Junie B. Jones books --- must admit, I also love reading them with her. Best series for young girls by far!!!!

My 10-year-old niece loves these books and asked for them for her birthday. All I know is that like came in good condition and that she positively loves them.

My 5 year old granddaughter was introduced to the Junie B Jones books in kindergarten and loved them. I got her this boxed set for her kindergarten graduation and she was very excited. These are her first chapter books and she really enjoys the characters in the books.

My daughter loves Junie B. Jones, and her quirky stories, it arrived timely and as advertised. Feel the price was right and am always thankful and other sellers provide books.

My 8 year old was so surprised to receive these for her bday - she loves the JBJones stories, she has read 3 books in 2 days. They are easy/short reads - the books come in a nice box, books on thin side. Good value and great little series for your child.
