Adele Baker was born in the shadow of the Blue Ridge mountains. Her father's job relocated the family every few years. At 13, she had experienced many cuisines, from Cajun seafood gumbo, to Swiss cheese fondue, to Mediterranean keftedes (lamb meatballs). Her family prioritized time around the dinner table, and there were usually more people at the table than the original six. She appreciated the close-knit family of her childhood, and valued meals together. Micah and Adele met in college, married, and within two years of graduation, their family had grown. Addie Rae was born in March, and Adele experienced unbounded joy during her daughter's first year. The family hiked the Blue Ridge mountains with Addie Rae tucked into the backpack. They sailed the lakes of northern Michigan, skied and biked the hills of Virginia and hiked the San Jacinto mountains of California. Despite a healthy lifestyle, Adele discovered that the weight gain of pregnancy had not disappeared. She sought a workable diet, and research led her to the ketogenic diet. It fit well with her lifestyle and became a way of life. The pounds melted and Adele's energy increased. The drawback was a sad lack of tasty ketogenic recipes. In time, Adele created many keto-friendly recipes, and was frequently asked to share them. She recorded her recipes for others to enjoy, and that collection is now available to you. The theme of a healthy diet so captivated her that she continued to create the delicious recipe for everyday life. She hopes that you enjoy the following Aphrodisiac recipes, and wishes you success with your new way of life.

From quick recipes for an unforeseen dinner to erotic meals and even breakfast in bed and love

drinks. If you are looking for dishes of passion, his book has it all! Quick recipes which are easy to make. Each has a color photograph as well. Very interesting cookbook, definitely recommended

This book is HILARIOUS. With the right food and drink the mood is already set for An Aphrodisiac. So since the mood is right the effects are all good. A clever book! Happy to gift this one.

I have never heard of an aphrodisiac cookbook so decided to buy it and give it a look. Famously known as love potions, aphrodisiacs are seen as secret foods that will get you more in the mood. Spices, seafoods and vegetables all can be aphrodisiacs. The recipes in this book were easy to follow, laid out nicely and looked great.

We held a bachelorette party for a friend who loves to cook and try new recipes (and thankfully her fiancé loves to try whatever she cooks). I bought this for her and it was a HUGE hit at the party - not only did every get a kick out of the title, but were passing around the book copying down recipes. All in all, the cookbook is beautifully presented and it's a fun gift for a foodie bride-to-be. I'd imagine anyone who likes to cook and add some spice to their relationship would also enjoy it.

I am glad I have got this book. It works both for men and women and I loved how the author selected recipes. My favorite ones were the ones with seafood. If you are struggling what to cook for a romantic dinner (with happy end :) then this book is for you.

This was a gift from my girlfriend because I'm a professional chef and we enjoy the sensuality of aromas and flavors. This book has some great recipes, interesting information about the types of foods, and new flavor combinations for me.

I liked this book! Especially ideas for an erotic dinner. Recipes simple and original. My children loved chocolate fondue and campfire strawberries.

This book does what it supposed to do " gives you delicious recipes that should bring in some hot feelings. I can say that some dishes effect you more than others and we even didn't finish the supper.
