Mari Schuh is the author of more than 150 nonfiction books for beginning readers, covering topics from tomatoes to tornadoes. She enjoys a quiet life in Wisconsin with her husband, Joe, and their house rabbit, Kindle.

Very cute book for preschool/kindergarten, but the size of the book is small. I had to read it to a group of kids and some of them could not see it. If you are just buying it for your child, very cute.

Super cute book, we used this to teach a class about growing and maintaining a garden. For children ages 3-7.

Good book for children

Bought this for our school gardening program which the garden club provides the children in our

town. The children learn so much when we present these programs for them.
