The Last Lion Box Set: Winston Spencer Churchill, 1874 - 1965

Synopsis

Universally acclaimed for their compelling narrative, their fresh insights, and their objective renderings of Winston Churchill's life, THE LAST LION trilogy presents a revelatory and unparalleled portrait of this brilliant, flawed, and dynamic adventurer, aristocrat, soldier, and statesman. Born at the end of the 19th century when Imperial Britain still stood at the splendid pinnacle of her power, Churchill would witness the shift a few years later as the Empire hovered on the brink of a catastrophic new era. One of the greatest wartime leaders of our time, he would go on to stand alone, politically isolated in Parliament, as he took the lead in warning of the growing Nazi threat, and would lead Britain to victory against Nazi Germany and the Axis powers in World War II. Now, celebrated historian William Manchester's landmark biographies are collected together for the first time, along with the eagerly anticipated final installment Churchill's last years in power. More than thirty years in the making, THE LAST LION is the definitive work on this remarkable man whose courageous vision guided the destiny of a nation during darkly troubled times-and who looms as one of the greatest figures of our century.

Customer Reviews

Praise for THE LAST LION, volumes 1 & 2: "Manchester has read further, thought harder, and told with considerable verve what is mesmerizing in its drama...One cannot do better than this book." •The Philadelphia Inquirer"Bedazzling" •Newsweek

Paul Reid is an award-winning journalist. In late 2003 his friend, William Manchester, in failing health, asked Paul to complete *The Last Lion: Defender of the Realm*. He lives in North Carolina. William Manchester was a hugely successful popular historian and biographer whose books include *The Last Lion*, Volumes 1 and 2, *Goodbye Darkness*, *A World Lit Only by Fire*, *The Glory and the Dream*, *The Arms of Krupp*, *American Caesar*, *The Death of the President*, and assorted works of journalism.

I couldn't put down one of the books without thinking, What is next? The world was at the brink of disaster. A time in man's history that one can say with certainty, "Thank God for Winston Churchill!"

I thought that this book took the reader directly into his life, the good, the bad, and the ugly. It took me almost two years to read it, and it was so good I wasn't giving up.

i enjoyed every minute of it and am reading other war books following it - I am very happy I purchased it in spite of the cost. There are a number of things about Churchill I didn't know but while they were critical of his arrogance and unbelievable egotism I still consider him GREAT.. On my last visit to England I stood at his burial place in Westminster and came nearly to tears.

As one interested in history including the men and women who influenced and shaped world events, I found these extensive volumes extremely helpful in understanding, not only Winston Churchill, but the events which took place during his extraordinary lifetime. The author does not gloss over the shortcomings of this brilliant man who had a hand in shaping the destiny not only of Great Britain, but the entire world.

THE Winston Churchill biography. Brilliantly researched and written and easy to read.

William Manchester's life work. Well worth the read.

We purchased these as a gift for our son's 21st birthday. He was thrilled. You can't go wrong with Winston Churchill. Delivery was prompt. It a wonderful box set for yourself or to give as a gift.

Extremely well written account of the life of Winston Churchill. The author doesn't fawn over Churchill; instead he points out the man's numerous faults and puts them in the context of the time.

As an admitted Anglophile I relished the in depth history of England and the changes it went through during Churchill's lifetime. I can highly recommend this biography of a man both of and beyond his time.
