Fern Michaels Sisterhood CD Collection 2: The Jury, Sweet Revenge, Lethal Justice (Sisterhood Series)

Synopsis

The Jury Even reeling from the loss of one of their own, the Sisterhood is always prepared to rally behind a new friend. For years, Paula Woodley has suffered the broken bones and shattered self-esteem caused by an abusive marriage. But what can she do? Her high-profile, Washington power-broker husband is not a man to be crossed. Or so he thinks. The Sisterhood may not be an organization found in any of his memos, but heâ€™s about to take a meeting with themâ€”and theyâ€™ll be setting the agenda.â€”

Sweet Revenge Isabelle Flandersâ€™ former colleague, the conniving Rosemary, did everything in her power to ruin Isabelle, from framing her for a terrible drunk driving accident to stealing her husband and her architecture firm. Now, Isabelleâ€™s formerly lovely life is in tatters while Rosemary scoops up the spoils. Itâ€™s enough to make any friendâ€™s blood boil. Rosemary may think sheâ€™s flying high, but sheâ€™s about to tangle with the Sisterhood.

Lethal Justice Alexis Thorn, once a successful securities broker, spent a hellish year behind bars for a crime she never committed. Now she has her freedom, but sheâ€™s left with haunting memories of being hauled from her office in handcuffsâ€”of the cell door clanging shut behind herâ€”of her pleas going unheard. Alexis dreams of getting even. The legal system failed her, but the Sisterhood wonâ€™t.

Customer Reviews

FERN MICHAELS is the USA Today and New York Times bestselling author of the Sisterhood series, Mr. and Miss Anonymous, Up Close and Personal, and dozens of other novels and novellas.

There are over seventy million copies of her books in print. Fern Michaels has built and funded several large day-care centers in her hometown, and is a passionate animal lover who has outfitted police dogs across the country with special bulletproof vests. She shares her home in South Carolina with her four dogs and a resident ghost named Mary Margaret.

The writing is so juvenile in these books that I'm not even sure if teens would like them. The first three books in this series were so painfully repetitive you could anticipate the writer's next sentence before the narrator spoke it. These three were far less repetitive but still painful at times. Still the narrator's character voices were too comical for words. I often felt like she'd watched too many old black and white "copper" movies and mimicked their voices...was waiting for her to yell, "You dirty rat!". That being said, the concept of a team of women vigilantes was good and, as much as I hate to admit it, I ended up having to listen to all of the books. Fortunately, by the time I got to the second set of three books, they were shorter and a lot less repetitive. If you're looking for a guilty pleasure, these books might fit the bill. Despite the fact that they are not literary brilliance, they ended up being a fun read in the end.

I just love this series. I actually bought the first 3 books at goodwill. I had an hour and a half drive to work and was bored with music. I got right into the story. The narrator had a great radio voice and even changed the character voices to perfection. This series keeps you so into it. I didn't want to get out of my car. My first 3 books were finished and I need the rest. I'm hooked. Thank you Fern Michaels, you've taken my mind off of the real world.

No surprises.

Somewhere along the story line, Yoko has gone from married to having a boyfriend. Nikki has gone from just about ready to get married to Jack Emery to not yet engaged and then he asks her and she says yes. It seems to me to be easy things to catch especially if the same editor is processing all the author's books. Also, I would think there would be a database with the basic relational things so that, if they change editors, they wouldn't have to go through each previous book to be sure things tie out. However, other people may not care about such inconsistencies. I may pay more attention having done some writing myself.

Excellent series highly recommend

Enjoyed, Am loving to listen while driving.

Love Fern Michaels. Love the Sisterhood. Thank you for having this .

I love the Sisterhood, I got my husband hooked on these books. We listen to them at bedtime and talk about them in the morning. The narrator does a great job. I can picture the characters perfectly.
