Customer Reviews

My 4 year old daughter is obsessed with Shopkins and she loves looking through this book and showing me which Shopkins she has. This book has 112 pages and all of the illustrations of the Shopkins are colorful, bright, and engaging. The bulk of the book is made up of large illustrations of some of the most popular Shopkins from each season divided into departments and has funny topics related to each one to tell you about each Shopkin's likes, quotes, favorite things, etc. For example, for Suzie Sundae, it lists "Frozen" as her favorite movie, Signature Dance move as "The Splits," and her quote "Pretty please with a cherry on top!" I wish it did this for all of the Shopkins for each season instead of some for each season. What I did like was that it includes many limited

edition ones we have not seen before. In the back, it shows all of the collector's shopping lists that come with all of the Shopkins 2 packs, 5 packs, and 12 packs for each season. I really love that because now we can throw out all the torn up and wrinkled shopping lists she's accumulated since she started collecting these. It also shows whether each one is common, rare, ultra rare, special edition, and limited edition. I do wish as a collector's guide that it told you how much they are all worth like many collector's guides for other items do. Season 5 came out right after this book was updated, so I wish those were included, but overall, it's a fun book and my daughter loves it.

Daughter's love reading about the different shopkins, and their personalities. They do pretend play with their shopkins a lot, so this helped with that.

great book, my daughter who loves shopkins adored this book

Granddaughter loved it.

Hasn't put this book down since she got it....very good(or bad) guide for kids to let you know which ones they need!

My daughter loves collecting Shopkins and this collector's guide has made it even more fun for her.

It's ok. Would have expected more character info/pixvs mostly just the "lists". Daughter likes it though.

My 6 year old loves this book! Shopkins are the new thing and your kid will love this detailed book on all the characters
