Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I like the fact that all songs fit on one page or two, so I can sing along just by looking at it (without having to turn pages). Most of the songs (or possibly all) are on youtube, so it is easy to learn the songs. Often, though, lyrics are slightly different, but maybe folk songs have some natural variations. I highly recommend this book if you are trying to pick one.

This was a gift for my daughter who is learning the guitar. I like the songs in this book they seemed good for a beginning guitarist.

What a great collection of songs to learn and perform..

This is a good songbook, and I enjoy playing these songs.

I use this book at home to play for fun, and t school to play when I am telling stories about Folk Lore to my K - 3rd grade classes,

Great collection of songs for my daughter who is learning.

Too simplistic

I was looking for a resource to use in music class that contained simple music scores for a large variety of American Folk Songs and this book fit the bill!
