American Economic History (8th Edition) (Pearson Series In Economics (Hardcover))

Synopsis

America's present economy, understood through its past. Rich in both quantitative techniques and economic theory, American Economic History demonstrates how an understanding of our past can illuminate economic issues that face society today and in the future. In simple, elegant language, this text walks readers through four centuries of political, social, and economic history, focusing on laws and institutions and emphasizing current economic topics. The eighth edition has been updated and revised, and includes expanded discussions on population, health, and labor; education; the automobile industry; income and taxes; social security; unemployment; regulation and the financial industry; and the history of economic recessions.

For those interested in learning how our present economy works by exploring its past.

Thanks for the book

Great text book! Faults: No pictures and no diagrams but... Assets: The book incorporates years of historical and economic debate in succinct explanations. The writing is clear, very witty and tells the STORY of American Economic History in an engaging and meaningful way. The book contains more of an historical perspective with an economic lens, than an economic principles perspective applied to history.

Outstanding! Well-written, detailed, clearly links events and shows how consequences flow from them. Bought for a class, but kept because it's just too darn good to let go of.

Came very fast!!! I procrastinated and got it at last minute but it still arrived a day before classes began!! I rented a paperback book because it was so unbelievably cheap, I honestly thought it would be a worn down old book, but the one I got looks brand new! I was able to rent it for the entire semester and then two weeks extra which is really cool because my final test is an open book test :D This was a great option and I am very pleased with it, will definitely recommend and rent again :D

College sucks. So many books, with so many pages. But this seller gave me a great product for a great deal and now I have more money in my pocket! Thanks man! Great quality, shipped timely and well, exceeded my expectations.

Textbook is in great condition and was shipped on time! The price of this really helped with all the fees I had to pay for tuition.

Well worth the Money.....Very detailed Economic info.....Very Happy I bought it.....

Excellent A++++++ Seller I will recommended to Friends.
