Customer Reviews

This is a high quality book from one of the best authors in the Minecraft category. My nephew and I know that we can trust this author to give us our (my) money's worth on each book that is released. This book is filled with adventure as the wither sets out to find more of his kind. We couldn't even put the book down until we finished because we were so excited to find out what was going to happen. My nephew and I are now eagerly awaiting the next book.

Best book in the world! Love the story plot, especially when they almost killed the wither's fake mom.
I would like to read more sorties from Minecraft. (Max Chi)

I hope you do

also!!!!

My son, 9 years old, really like the book.

This is an awesome book, I like it so much, but it's a little short. Make more books very soon!

This book it really fun to read. It does have some, well, unnecessary parts, but that's okay, at least I
think so. How about you other fans?

This was a fun book!!!

He liked it said it had a few things that don't actually happen in minecraft so he would give it a 4
