Some boxes should never be opened. For the first time, the complete A Series of Unfortunate Events â€“ including the highly feared #13: The End â€“ is available in one awful package! We can't keep you from succumbing to this international bestselling phenomenon, but we can hide all thirteen books in a huge, elaborately illustrated, shrink-wrapped box, perfect for filling an empty shelf or deep hole. From The Bad Beginning to The End, this box set, adorned with Brett Helquist art from front to back, is the only choice for people who simply cannot get enough of a bad thing! Ages 10+

Lemony Snicket had an unusual education which may or may not explain his ability to evade

capture. He is the author of the 13 volumes in *A Series of Unfortunate Events*, several picture books including *The Dark*, and the books collectively titled *All The Wrong Questions*. Brett Helquist's celebrated art has graced books from the charming *Bedtime for Bear*, which he also wrote, to the *New York Times* "bestselling *A Series of Unfortunate Events* by Lemony Snicket to the glorious picture book adaptation of Charles Dickens's *A Christmas Carol*. He lives with his family in Brooklyn, New York.

Okay these are great books, and it a very decent bundle. I did not experience any problems with the quality of the books or even the box other than one. Put this was a big one for me. Every single book has a sticker promoting the Netflix series on it. Not one sticker on the box. Or stickers on the inside. But a sticker on the front cover of every book. This bothered me a lot so I went to remove them. I know how to remove stickers like this as I do so with every video game I buy. However, when I did remove the stickers it peeled off the lamination! Half of my books remain unscathed but the other half have a very noticeable circle on them that looks different than the rest of the cover. Granted this could be pinned on me for trying to remove them but they shouldn't have been there to begin with. If you don't mind the stickers or you get lucky peeling them off than this is a great product. Just keep in mind the fact that there are these stickers for advertising and even without the fact that the lamination is removed, these stickers are very noticeable and take away from the cover

The best books around! They have a great story line and each book leads into the next unfortunate event. Slowly peel off the Netflix stickers and you're golden!

These arrived in perfect condition. As far as content, these books have a unique dark humor for children. They did start to go kind of down hill at about the ninth book when the villains became less sinister and more silly. They lost some of that dark flair that made them so interesting if slightly disquieting.

very happy with this set! Daughter loves it. The sticker problem i have seen on previous comments was not an issue with our set. I was really worried the stickers would ruin the covers, but they must have heard all the complaints. Our books did come with stickers, but came off easily with no residue and no delamination of covers. Maybe it's because we took the stickers off the day we received? Great set!

Books. All of the words are there.

All time favorite for two of my children long ago. I was sorry I gave this set away. Nice to find it again as a grandmother.

Beautiful set of hardcover books. We hope to have them for years to come. It's great to have a set at home that the children can read over and over again.

These are excellent books! I donated them to my school library in memory of a friend's father.
