The Singing Book Two-CD Set, Second Edition (2 CDs)

Synopsis

This unique resource provides accompaniments for all songs in the anthology, recorded in a split-track format that allows students to practice with the rhythm and melody enhanced, and then with just the accompaniments alone. Stereos without balance controls will play both tracks simultaneously.

Meribeth Dayme, an authority on the singing voice, has given master classes in singing throughout the United States, the United Kingdom, and Europe. She regularly teaches courses in the vocal arts and workshops in self-development for singers and teachers of singing, and management training courses for major corporations. She is the author of *The Performer's Voice*, *Dynamics of the Singing Voice*, and *Creating Confidence*. Cynthia Vaughn teaches voice and song literature at Colorado State University and is in demand nationally and internationally as a clinician. For twenty years she has also taught beginning to advanced singers in her private studio and is an active performer in concert, opera, and musical theater. She is Vocal Literature Coordinator for the NATS Intern Program, National Association of Teachers of Singing.

I'm very happy with the product and the service.

This is a wonderful compilation of songs from several genre for a singer to enjoy. I also got the CD so I can't really learn the songs. Whether a fledgling vocalist or more advanced, you will enjoy the

variety of music to sing and also the levels of difficulty to challenge you. There are even songs in other languages making the collection very interesting.

I love this book because it has so many different types of songs and genres, and comes with CD's so you can practice even if you don't have a piano- which I don't! There are simpler songs, and more complicated songs, so there is a good variety. This is my go to book when I am asked to sing somewhere!

I loved this item came just in time
