Customer Reviews

Carolyn Keene is the author of the ever-popular Nancy Drew books. Macky Pamintuan was born and raised in the Philippines. He moved to San Francisco at age twenty-one and received his fine arts degree from the Academy of Art College.

I read the Nancy Drew books growing up and have great memories of them. My 2nd Grader doesn't love to read so when I found these I bought them hoping she would get hooked on them. She did!

I bought the mini box set of the young Nancy Drew series for my niece and she loves the books. There are modern details in this version of Nancy Drew, so the series is more relatable to the new

generation of readers.

I love Nancy Drew and i was hoping to get my daughter off of her tablet and this purchase delivered! she is hooked !

My great-neice is in first grade and she devoured these books!. I will be looking for another set in the series for her.

These are great books for kids!!! my daughter reads them and she says she loves them so much she makes me buy more! They have a really good mystery and keeps you intreeged in these books! i highly recommend this book series!!!

I bought this for my granddaughter for her 7th birthday, She loved it so much that she read it daily and could not put it down. She wants the next series, she said this is her favorite

I brought these Nancy Drew books for my 8 year old daughter. I'm hoping she will love them as much as I did when I was a kid. this edition is a little younger than mine was but it's age appropriate for her.

When my sister in law told me that she had purchased a set of Nancy Drew books for my daughter, I was torn. On the one hand I was thrilled, but on the other, I had to wonder if Nancy Drew wasn't a bit too advanced for a seven year old. How overjoyed was I when I realized that Nancy Drew had been revived as an elementary school student! Awesome! My daughter absolutely love these books! She literally devoured this set of five, and now, owns the first twenty books in the series. The titles included in this box set are;Â Sleepover Sleuths (Nancy Drew and the Clue Crew #1),Scream for Ice Cream (Nancy Drew and the Clue Crew #2),Pony Problems (Nancy Drew and the Clue Crew #3),The Cinderella Ballet Mystery (Nancy Drew and the Clue Crew #4), andÂ Case of the Sneaky Snowman (Nancy Drew and the Clue Crew #5). In each book, Nancy teams up with her best friends, cousins George and Bess, to solve a perplexing mystery. Nancy, Bess, and George are now in third grade and have begun cutting their teeth as sleuths on simple, age appropriate mysteries. I was a huge Nancy Drew fan in my childhood, so it was a little weird for me to read these ND books with computers, cell phones, and other modern day tech. It made the original Nancy Drew books seem positively ancient! LOLTHE SLEEPOVER SLEUTHIn this book Nancy,

Bess, and George are invited to a sleepover at the home of their classmate, Deidre. It's a City Girls doll theme and each guest is asked to bring her own City Girls doll to the sleepover. When Deidre's City Girl doll, Hollywood Hannah, goes missing, Nancy, Bess, and George spring into action to solve the mystery. I read this book with my daughter. Deidre is from a wealthy family, and is a bit of a spoilt brat. It was really interesting following the story as the girls try to piece together all the clues they uncover to figure out the whereabouts of Deidre's doll.

SCREAM FOR ICE CREAMIn this story, Nancy, Bess, and George enter a contest hosted by the local ice-cream factory. Contestants must come up with recipes for brand-new flavors using whatever ingredients they want. When a friend's secret recipe goes missing, Nancy, Bess, and George get cracking on the case.

PONY PROBLEMSMr. Johnson's Shetland pony, Buttons, keeps escaping his pen at the local petting zoo and is roaming all over town. Mr. Johnson is stumped, because no matter what he does, Buttons keeps getting away. Nancy, George, and Bess are determined to solve the mystery of the escaping pony.

THE CINDERELLA BALLET MYSTERYIn this story, Nancy, Bess, and George are going to be in a ballet. Their friend, Andrea, is slated for the part of Cinderella, and as part of her costume she gets to wear a specially ordered pair of ballet shoes, shipped all the way from France! Unfortunately, just days before the performance is scheduled to occur, the slippers go missing and there isn't time to order a new pair. Nancy, Bess, and George must solve the mystery of the missing ballet slippers, and the clock is ticking!

THE CASE OF THE SNEAKY SNOWMANThis was a very cute story. Deidre transforms herself into a Madame Chocolata, a fortune-teller, and tells Nancy, Bess, and George that their snowman, Sherlock, will "walk away." When Sherlock disappears, all the clues seem to indicate that Deidre's prediction has come true. But can a snowman walk?

Each of the stories included in this box set is well written and includes several nicely illustrated pictures. The recommended age range is 6-9; Grades 1-4. When my daughter first received this box set for her 7th birthday last summer, my husband and I would take turns reading the books with her. She loved them so much that she began borrowing other books in the series from the library. Now that she's in Second Grade, she is able to read the NDCC books independently (FYI she reads at a 4th grade level.) These books are a winner all around; they are interesting, thought provoking, entertaining, and are age appropriate. As a parent, I highly recommend them.
