Customer Reviews

A great book to get inspiration to write songs from feelings and inner creativity. It will help anyone to form music and songs as well as write lyrics. Plenty of suggestions are revealed here which are easy to understand and very motivational. Some creative exercises are there to practice and I would definitely say, it is very helpful. It's a very resourceful guide for anyone to be more creative. For songwriting, it's a perfect guide to follow. I must recommend it.

Personally, I didn't get much out of this book. He had good ideas, but it wasn't written well and the chapters felt too short.
