Customer Reviews

Very nice book on judging art glass. Should prove usefulwhen I start collecting pieces.

Lovely book with wonderful photos and great information.

Perfect! Thank you!

Fast shipping! Excellent!

This book has a brief overview of may art glass companies covering 1890 to 1945. What I liked about it is that it is that it covers a VERY wide selection of companies not just Tiffany and Galle. I really get tired of buying books that are supposed to be about "art glass" and then find that it covers nothing but Tiffany. It has excellent photos as do all Miller books.

All the 'Miller's are excellent reference/photo material, including this one.

Good book for studying about glass

I was a bit disappointed in this book. Not at all for the beginning collector. Covers mainly very expensive pieces of glass. Not for the average person.
