Gateway To Italian Diction: A Guide For Singers (Book & Cd) (Italian Edition)

Synopsis

As part of a series of coordinated diction manuals and anthologies, this book helps students to move beyond diction to clear understanding and authentic style. Thomas Hampson says the series, "not only achieves an excellent study of the tools for proper translation and diction, it goes much deeper and more importantly to the teaching of musical and poetic expression from the inner side of the language." Every Italian example word or phrase is translated into English and is also spoken perfectly on the included CD by linguist and native Italian Dr. Anna Siragusa.

Great for singers and a great price too!

No problems

thanks

I bought this book to help me improve my Italian pronunciation not for singing but for everyday conversation. The book makes the technical aspects of Italian phonetics accessible and easy to understand. I highly recommend it.

A great book - mostly because of the supplements (the CD - one of the few for Italian diction - and teacher's kit) and much practical advice!
