Synopsis

Surprise! Our bestselling little dinosaurs are back for a BIG birthday celebration! Everyone has a birthday, and from riotous birthday parties to the excitement of being one year older, having a birthday is the highlight of a young child's year. All little dinosaurs love to get presents, and this new board book will be an immediate favorite. From birthday hats to Ceratosaurus-sized cakes, America's young readers will laugh out loud as the celebration moves from "bad" birthday behavior to just the right amount of silliness and sharing. Bestselling duo Jane Yolen and Mark Teague have created the perfect introduction to birthday parties, with the same beloved humor and warmth of all their previous bestselling "How Do Dinosaurs" books. Here's a wonderful way to say "Happy Birthday!" to any dinosaur...young or old!

I purchased this for a 3 year old's birthday. She loves dinosaurs and it is her birthday so it is a perfect gift. My son has another book by this author so I was expecting a hard cover book with paper pages, instead we got a midsize book with thick hard pages. Don't get me wrong it is better than I expected! Little ones can be a bit rough on their books so having the thick hard pages works out better! It is wonderful book with fantastic illustrations. I definitely recommend!

Not the best or most educational kids book, but still fun and entertaining for little Dinosaur lovers.

I love these books! Not only do they introduce my kids to dinosaurs, but they reinforce manners, too!

What a cute book for a great price. I like how it is hard, so it will last longer.

I love the beautiful and humorous illustrations in these books. When I saw you could get them in board book form, I bought two for my daughter. She is a big dinosaur fan so I thought she would like them. My daughter is two and the books are a bit wordy for her, the books do not seem to hold her interest as much as many of her other books. I know when she gets older and understands the concepts she will appreciate the cute illustrations as much as I do.

My grandson loved the book. He is at that age to be Dino-nuts!

Super cute book!!! It is a bit short, but overall, great!!!

Note the size. It is shorter than the large how do dinosaurs books.
