The New Baby

Synopsis

Mercer Mayerâ™s Little Critter has a brand-new baby sister in this classic, funny, and heartwarming book. Whether heâ™s rocking her to sleep, helping change diapers, or pushing the stroller, both parents and children alike will relate to this beloved story. A perfect way to help a soon-to-be older sibling welcome a younger one!

Customer Reviews

MERCER MAYER began writing and illustrating children's books in 1966, and since then, he has published over 300 titles. Readers can open almost any of his award-winning books and out may pop dragons, cuddly monsters, wonderful creatures, and endearing critters. Drawing from his own childhood adventures for inspiration, Mayer created one of childrenâ™s books most cherished characters, Little Critter. He currently lives in Connecticut.

Very nice book

My 13 year old with Down Syndrome loves this book. I had a baby in September 2016 and he does just about everything the baby does in this book so she loves to read it over and over.

I got this book for my niece when she became a big sister. I looked all over for a book that was actually about being a big sibling and this is the best one I found and worked great! It was fun for her to see that siblings can be fun and gave her something to do and feel special when the baby came.

We bought this for a friend who had a one year old and was expecting a new child, they loved it! She said it really helped to open up questions about his sister who would be arriving and the illustrations are cute.

This is one of several we purchased to prepare our first two for the arrival of number three. A great value, cute book, and great prep-book!

Got this book for my stepson who will be having a new baby brother at his other parent's house. The other parent hadn't explained much to our toddler about what having a new baby would be like, and this book helped him start to understand, and also prompted several questions from him about the new baby which I saw as a great thing. Questions mean kiddos are starting to understand. He likes the characters in this series of books, so learning this information from a "trusted friend" was great for him.

This is a cute book. I bought it for my oldest daughter about 3 years ago when we were expecting our second daughter. We then passed it to our younger daughter earlier this year when we were expecting our son. They both enjoyed the story. I would recommend it if you are trying to get your little one used to the idea of a new sibling.

Good book. Gives kids realistic expectations of bringing home a new baby. Gives ideas on how to interact with the baby. I really love all the Mercer Mayer books
