This product was authored by Human Kinetics based on the contributions of: Rick Noren has compiled an outstanding 320-79 (.802) record in his 10 seasons as the Pacific Lutheran University fastpitch head coach. The Lutes have won eight conference titles, finished in the top five in the country three times, and led the nation in winning percentage twice during Noren's tenure. Additionally, Noren teaches several activity classes at PLU as well as a softball and baseball theory class for coaching students. Every year he conducts clinics for softball coaches and players throughout the Pacific Northwest. Noren earned his bachelor's degree in exercise science from Western Washington University and his master's degree in athletic administration from Pacific

Lutheran University. Rick's wife, Leanne, is the PLU pitching coach. The Norens and their children, Kyle, Joel, and Leah, live in Tacoma, Washington.

I expected more from this book. It skims the surface of softball fundamentals. It is good enough however I believe it could have gone more in depth.

I was looking for more information that I was hoping would be in this book but it does have a lot of good information for first time coaches like myself

This book gives you all the ins and outs on drills, fielding, catching and batting tips you need to be successful at softball.

I found this book helpful and instructive, but there is a real limit as to how much a book can show you what to do.
