An interesting and informative expose on the gamut of warts. The author introduces the reader to the family of warts and their secrets, many of which may be news to the reader. Myths are dispelled, beliefs are challenged and the wart remains invincible.A quick, easy read, worth the time that can spare most from the pain, save the embarrassment and perhaps lives.

Good information! I enjoyed this book. This book has some great, practical advice. Some great money saving tips. This is a great resource to have.
