IFRS Primer International GAAP Basics

Synopsis

The IFRS Primer: International GAAP Basics serves as a roadmap to provide guidance and a path through the period of transition to convergence of GAAP and international reporting standards for both students and instructors. As in introduction to International Financial Reporting Standards (IFRS), the IFRS Primer is a stand alone and logical supplement for use with existing U.S. introductory, intermediate, and advanced financial accounting textbooks.

Customer Reviews

Well, I would like to say that I picked this up for some casual Saturday afternoon reading. However, that would not be true it was required reading for an old dawg to learn some updated tricks. As with any other topic where things are constantly evolving, I believe that the authors made a good attempt at the current structure while considering what changes are on the horizon. While, probably not the most tantalizing reading, it is perfect for those evenings where you just can't quite get to sleep!!!! Hopefully I will get an "A" in the class and then I will really love the book!!!!

Yes it was everything I needed

Good book

feel very good . in my family it is necessary, fine. will buy next time. This product is so great. I love it. It cuts like no other product I have even had. If you want A great product you need this one.
