The New Illustrated Treasury Of Disney Songs: Piano-Vocal-Guitar

Synopsis

(Piano/Vocal/Guitar Songbook). This magnificent 6th edition coffee table collection is a Disney lover's dream come true! It is a guided tour through the many legendary years of Disney music, from "Minnie's Yoo Hoo" in 1930 up through "We're All in This Together" from High School Musical . The book begins with an extensive musical history of Disney, followed by beautiful piano/vocal arrangements of 68 Disney classics. Printed on deluxe stock with more than 100 stunning full-color illustrations accompanying the text and music, The Illustrated Treasury of Disney Songs is a keepsake to treasure for years to come! Songs include: The Bare Necessities * Beauty and the Beast * Breaking Free * Circle of Life * Go the Distance * It's a Small World * Look Through My Eyes * Mickey Mouse March * Reflection * Some Day My Prince Will Come * Under the Sea * When You Wish upon a Star * A Whole New World * Winnie the Pooh * You've Got a Friend in Me * You Are the Music in Me * Zip-A-Dee-Doo-Dah * and more.

Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

This Disney song book is fun and easy to play. It's not a fake book but the songs are sort of shortened, which I didn't like very much. However, it's still a great book. There is a history of how they included music into the Disney movies and cartoons. There are even songs to the Disney afternoon cartoons. There are a few full paged illustrations and each song title has a illustration next to it. I definitely recommend this book to Disney song lovers out there.

The New Illustrated Treasury of Disney Songs is a must-have for any person with a passion for Disney music. Being a pianist, I have thoroughly enjoyed playing from this songbook, and I highly recommend it. Even after owning this particular book for a couple years, I still continue to enjoy playing from it. The book includes a wide variety of Disney music. Featuring 68 songs, it ranges from the classics such as "Zip-A-Dee-Doo-Dah" and "It's a Small World," to the more recent songs found in "High School Musical." In addition to music for the pianist, it includes music for the guitarist as well as for the vocalist. In the beginning of the book, it also features a very interesting history of Disney music. The book appeals to wide range of people, from the novice musician to the expert pianist. Some songs can easily be learned by a beginner, while more experienced musicians can still be entertained with the more difficult songs. Admittedly that does present a dilemma, where personally I wish some songs would be harder while other songs would be easier. For example, I would've liked if "If I Was a Rich Man" from Monsters Inc. was easier, while I wish "Be Our Guest" was a little more challenging. Also, some songs seem to be a shortened version of the actual song. For example, "A Whole New World" is much shorter in this book compared to the same song found in a different book. Still, it's a great buy and definitely worth the money. Since the book is very versatile, it is the perfect songbook for any Disney aficionado with a desire to learn the famous Disney songs.

I'm one of the biggest Disney fans you will ever meet. I bought this book because of how passionate I am about Disney and I definitely recommend it. The piano is for someone who has been playing for a long time and knows how to transpose the music according to how the singer may sing it. Otherwise a very fun book with interesting facts about Disney and loads of songs to choose from!

When I was around 10 years old, I had a Disney songbook for piano. I managed to hang onto it until I was in my thirties. I teach piano, and I often used it for my students. However, it finally started

falling apart despite all the tape holding it together. Recently, I began looking for a similar Disney song collection. I was happy to find this one. It has all the same Disney songs from my old book like "Who's Afraid of the Big Bad Wolf" and "Give a Little Whistle" along with many from the newer Disney movies like Beauty and the Beast, Mulan, and Tarzan. I'd say the piano difficulty level is aimed at an intermediate student and would be a bit too difficult for a beginner pianist. Truly, the only reason it didn't get 5 stars from me is the binding. My old book that lasted 25 years was hardcover and laid flat when you opened it. This paperback, tightly bound version does not stay open, in fact, it is hard to get open completely. I'm forced to make copies of the songs so that they will stay on the piano when playing. Other than that, I'm enjoying this Disney song collection so much like the one from my childhood.

I already had the original New Illustrated Treasury Of Disney, a blue hardcover. This new edition is equal to the original and I would suggest getting both books if you can. The older one has some great songs that the new one left out. This new edition is printed on high quality paper, and each song has a nice full color picture from the song's movie on the top corner of page. Wonderful selection includes songs from the newer movies, so this book brings me up to date. I am a piano teacher, and will be teaching this book to every student able to play the arrangements. Intermediate level. I took my book (shipped quickly by) to a copier to have a spiral binding installed to allow book to lay flat. Cheerful, great music.

This book was the best I could find to give me music and lyrics for a wide variety of songs that my 2 yr old knows now, as well as may become familiar with in the future. But there are two flaws: It is missing some favorite songs, and not all the verses and intro riffs are shown with the music, so you'll have to improvise if you have a drama star in your home. The missing favorites especially seem to be from the older movies I grew up with, such as 'Never smile at a Crocodile'. I presume these have been dropped over the years to make room for newer Disney tunes, but frankly, I don't have much use for the theme to "Brother Bear" for example. Also, not all the verses and are shown with the actual sheet music. Instead, the complete lyric is shown after the song, with the music published only for the excerpt. This is annoying if you need to sing the complete song with your child.

Wow, this has a lot of bang for the buck. Seriously... SO MANY songs. I also like how they are of varying difficulties: some are beginner-intermediate, and some are advanced-intermediate.

Excellent collection of Disney hit songs up to (and including) Pocahontas.
