Customer Reviews

Since 1982, Kaplan Nursing has been providing the nationâ™s leading NCLEX-RN® Exam Review. With realistic practice, clinical judgment methodology and personalized content reviewâ”all led by experienced nurse educatorsâ”Kaplan Nursing preparesÂ thousands of students to pass the NCLEX-RN each year. Our focus is on industry-leading service, great value, and ease of use. We build nursing studentsâ™ confidence so they walk into the NCLEXÂ like aÂ nurse. For more information, visit us atÂ kaplannursing.com.

It doesn't really break down the subject material enough. It needs an easier to read format and to

gave more bullet points. It needs to have key points.

I just received and from what I have seen so far looks like this will help me with my recertification with my CMA. I am waiting for my other exam review book as well, so keep fingers crossed! Book is nice, easy and informative.

This book is so helpful! Came fast. Full of great information. Perfect study guide. The tests at the end of the chapters are very helpful.

I thoroughly enjoy using this book to help me prepare for my certification exam. However, there are a few questions in the book that have the wrong answer labeled. This concerns me for future students who think their answers are correct, when in reality the book is incorrect. The next time it is published it needs to be checked and checked again so it does not lead the students down the wrong path.

This book helped me pass the CMA exam

I am so convinced that this book will help me pass my boards exam! It has a small pre test that helps you determine what is it you need to study the most! Great study book I recommend it!!

Bought this book less than two weeks before having to take the NHA for my CCMA & I Passed... very helpful

Good information, great practice test. Perfect review for my recertification exam. Addressed a few of the changes in recent years.
