Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

This was purchased for my fifth grade granddaughter in first year band. We are pleased with the song selection and the manner in which the book increases in difficulty from easy to more advanced. The songs are also familiar songs, which helps in her desire to learn them. We were delighted to learn that some of the songs are the same as the ones from 100 Solos for Flute, which her sister has. This way they have been able to select songs for duets on their instruments for

church. There are also secular songs which are alike in the two books which they enjoy practicing together for fun. I feel that this was an excellent choice to increase her desire to practice and play her clarinet.

Excellent book for users of all levels. As a beginner I was able to use, understand, and move through the book as far as playing music. My husband who is more experienced also enjoyed and felt the book was useful for his needs. Book was in excellent condition when received.

The solos in this book are easy to play which is what I need as a beginner/intermediate clarinet player. I like the variety of songs as well as the arrangements. I give it five stars and would recommend this book to anyone who plays clarinet.

I'm playing the clarinet again after a long lay off. I have a great program for skills development and this book of songs allows me to play for enjoyment following a practice session.

It is fine but you have to buy the Mel Bay Clarinet Fingering & Scale Chart, unless, you know all your notes.

Extremely basic but can be used by more advanced players who wish to elaborate, either in writing or by ear.

I enjoy playing the songs from this book.

well made
