Customer Reviews

Just what I needed and the book came just in time !!!

This is not a good self learning book. Only half of the exercises are included on the cds that come with it. If you're a teacher your going to need an instructor's book that is out of print, so this is not a good purchase for a teacher either.

I think I am done ordering textbooks online. I never received my order and the seller has yet to respond to my emails.
