Donna Dewberry is the most successful decorative painter ever. She has done ten books for North Light since 1998. She is contracted through 2007 with PBS stations nationwide for her program One-Stroke Painting with Donna Dewberry and is also a biweekly presenter on the Home Shopping Network and America's Store. Her designs are licensed for home decor fabrics, wallpapers, quilts, embroidery, etc.

I have been checking this book out from the library constantly for almost 3 years. I'm sure there might be better books for teaching how to do landscapes, but I learned how to paint with the one-stroke method and am now I am a die hard. I was basically a stick figure artist and now I have my own business selling the creations and techniques I learned over eight years ago. I am happy to have this book to help me take the brave new step into more real art (my definitions, that is) Even though there are no practice sheets with this book, it teaches you to use technique, which I am still learning. Now that I have this book, the only person stopping me from growing, is me and I like that!

Happy with the product

It is simple and easy to understand. I like that it shows you other methods of painting, I especially like the sponge technique. The first section is great shows you the various techniques, how to load brushes and knives. My only disappointment was there was no complete list of the supplies required on the materials page (8)- just a general statement brushes, palette knives, sponge. I had to go through each exercise in the book and make my list, e.g. 1/4 " flat, no 4 fan . This also refers to HD (High Definition) Acrylic paints and brushes. There were too many multiple canvases exercises, would have loved more single canvas landscapes. Loved the perforated recipe cards..pic on front and paints required on the back. There is also a little pocket at the back of the book to store these cards. Would recommend this book, especially for beginners.

Good book!

too much repeating from another book of hers that I ordered

I have been doing One Stroke painting since 2005. I have learned a lot just by going through books. This one is exceptional. I will practice some of the techniques over the summer and teach it to my students in the winter months. Thank you for having such a great book. Bonnie

I love Donna Dewberry's painting techniques and now am using them on pottery.

Should have known better...if you are any type of artist, this is far too basic...if you are starting out and not looking to increase skills, its okay.
