Ten Tiny Toes

Synopsis

I LOVE YOU THROUGH AND THROUGH, GOOD NIGHT, I LOVE YOU, and now TEN TINY TOES! Caroline Jayne Church brings her adorable toddler art and lovely rhymes to this joyful twist on the tried-and-true classic, HEAD, SHOULDERS, KNEES, AND TOES. From ears that wiggle to bellies that giggle, TEN TINY TOES is sure to inspire little ones as they learn to celebrate their "mouth, ears, eyes, nose, and a love that grows and grows."

Customer Reviews

Praise for LET'S GET DRESSED!"Church's cartoon toddler and a puppy are delightfully animated..." --KIRKUS
Praise for POTTY TIME!"The cheerful images and fun sound effect provide gentle encouragement for the potty training camp." --PUBLISHERS WEEKLY
Praise for GOOD NIGHT, I LOVE YOU"A quiet depiction of self-reliant slumber." --KIRKUS

Caroline Jayne Church is a bestselling author and illustrator. Some of her bestselling titles include I LOVE YOU THROUGH AND THROUGH by Bernadette Rossetti-Shustak, HOW DO I LOVE YOU? by Marion Dane Bauer, YOU ARE MY SUNSHINE by Jimmie Davis, and GOOD NIGHT, I LOVE YOU. She lives in Surrey, England, but you can visit her at www.carolinejaynechurch.com.

My son (2 months old) loves this book. When I read it too him, I touch the various body parts that the book is referring too, and he lights up with a big smile and giggle almost every time. The pictures

are big and simple. There isn't too much going on in the background, so I feel like my son can focus more on the main character rather than being overwhelmed by too many other distractions. I take my time reading it and playing with him and it takes maybe 2-3 minutes. The pages aren't as hard and sturdy as other baby books that I own, but they won't really bend unless you really try to fold them.

I buy all of the Caroline Church books. My favorites are I Love You Through and Through & How Do I Love You. This is definitely a great addition to my collection. Right now my 19 month old is learning body parts and I believe this book is helpful. It's cute, repetitive, and the same size as the other books. My son loves to be read to and this book is frequently brought to me.

I purchased this copy as a gift for my friend who is pregnant because my daughter loves this book so much. We read this book and did all the motions and she watched a few times while I did them to myself and then her and then she picked right up on the movements to the point that she knows what to do on each page. It is a great low key book for before bed but interactive too. This is a really great book. My daughter became really interested in it at 15m and is now 20m and still loves it.

My one year old has the attention span of a tree stump and she utterly adored this book. I pointed and tickled according to what body part we were reading about and she never gets tired of it. I highly recommend for toddlers.

Great baby shower gift as it is for someone I don't know well, but knew she was having a son. A book like this can be fun as it can teach them body parts and later they will be able to read it to siblings and cousins. This makes them special through many years of their life.

"Ten Tiny Toes" is an incredible book. First the pictures are colorful and the story is simple. It really allows me to have fun with my son as we wave our hands in the air or when he laughs when I tickle his belly. He is 3 and absolutely loves this book which is saying a lot as he is very picky with the books he likes to read. I still enjoy this book no matter how many times we read it together.

Had to buy this book twice. My son loves this book so much it ripped from opening and closing at least a million times lol. Great book and it's hardcover. I make it a learning time and point to teach him

We love this book so much! All of the Caroline Jayne Church books are great, but we have a lot of fun pointing to each body part as we read this story.
