Howard B. Wigglebottom Learns To Listen

Synopsis

Imagine what life would be like if children listened better. You can use this educator endorsed book to start a discussion with 2-6 year olds about how to become a better listener and the consequences of not listening. Book 1 of 15 in the award winning Howard B. Wigglebottom series. Complimentary song, poster and interactive questions at [wedolisten\(dot\)org/lessons](http://wedolisten(dot)org/lessons)

Customer Reviews

Howard B. Wigglebottom Learns to Listen is a cute story with a good message. It doesn't preach, but instead demonstrates by example what it means to be a good listener. There is also a lesson guide after the story, which highlights the important points and offers discussion questions. This book would be a great classroom resource, as well as one parents could use to establish good behavior at home. Source: Alice Berger, Berger Book Reviews The students were so excited about this book! It really does a great job of showing what happens when you don't listen and that good things happen when you do listen...very motivating! Students found the book funny and were able to understand the lesson of listening! It was a fun way to learn about positive behavior in the classroom. Source: Learning Magazine This timeless story will help teach

self-esteem and self-concept issues to many children. It is a sweet tale about being true to yourself and doing what makes you happy. --National Association of Elementary School Principals

Howard Binkow and Reverend Ana of the We Do Listen Foundation live in Florida and are the authors of the Howard B. Wigglebottom series. Susan F. Cornelison is a full time illustrator living in St. Charles, Iowa.

My 1st/2nd graders loved this book. It is simple and to the point. I loved that it came with questions in the back to help you make the children think more about the illustrations. The book was very well illustrated with vivid pictures. It was fun to be able to do Howards and the teachers voice.

This is a cute book but I apparently had higher hopes :) it's about a bunny in which every time he doesn't listen, something 'unfortunate' happens. While it's a good story, not sure my 4yo fully gets the equation. Or she does and she's just playing me. Cure illustrations.

A beautiful vook. Great illustrations. ..will se if the moral sticks

great book my son enjoys the cute pictuers in it.

Howard B.Wigglebottom books are great. They help kids to understand how their behavior affects their lives and those around them. My son took this to school to share with his class and the kids and teacher liked it as well. It has a section at the end to review what they learned. I would recommend these books for young children.

My 4 yr old has really enjoyed this book. Cute pics and good story.

Really cute book. Great learning tool for my daughter.

Great stories!
