Llama Llama Jingle Bells

Synopsis

With short and simple rhyming text, the Llama Llama board books introduce Llama Llama to babies and toddlers before they're ready for longer full-length stories. And their small size and durable pages are perfect for little hands. In Llama Llama Jingle Bells, little llama and his friends give gifts, sing songs, and decorate cookies. It's a very merry holiday indeed!

Grade Level: Preschool and up

Customer Reviews

"Dewdney's verse is polished and precise, and her paintings exude their typical good cheer...A warm intro to Christmas for Llama Llama's youngest fans." — Publishers Weekly

Anna Dewdney was a teacher, mother, and enthusiastic proponent of reading aloud to children. She continually honed her skills as an artist and writer and published her first Llama Llama book in 2005. Her passion for creating extended to home and garden and she lovingly restored an 18th century farmhouse in southern Vermont. She wrote, painted, gardened, and lived there with her partner, Reed, her two daughters, two wirehaired pointing griffons, and one bulldog. Anna passed away in 2016, but her spirit will live on in her books.

I don't know why the reviews here are so negative - my son LOVES these little board books! They are for babies - like the other board books in the little library - not really for toddlers like the original

books. My son is 7 months old and has been smiling at Llama Llama since he was a newborn. We love the illustrations! Very short, simple and sweet. Definitely recommend this series for early readers.

People complain about this book but I think it is short, sweet and cute. A very young child will be just fine with it. Use your skills and ask your child questions, point to the toboggan, the colors, the stripe clothing, etc...an appropriate learning resource for the season.

My three-year-old likes it, but there is not much of a story, which the other Llama Llama books have. It is pretty much just Mama and Red Pajama doing Christmas preparations. The illustrations are cute.

My son loves these books. They are super short but it works for us cause he's only 12 months and has a super short attention span when it comes to books lol.

the girls loved it, Mommy however got tired of reading it a million times LOL but isn't what that is all about

This was in the top 5 Christmas bedtime story books we read to our 2 year old this year. For some reason he really loved the last page where Mama Llama is carrying Baby Llama up to bed. He would say "babyyyy" every time I reached that page. My son and I are big fans of the Llama Llama books and this one did not disappoint. The drawings and story captured his attention and he asked to be read this book every night before bedtime.

I have been pretty underwhelmed by the Llama Llama books, except for the original Llama Llama Red Pajama that I loved (as well as my kids).

We love Llama Llama books. We gave this too our daughter on Christmas Eve 2014 as part of her Christmas Eve box. She got so excited about "Llama." We still read it often 2.5 months later and she insists on sleeping with this book in her crib. Llama Llama Jingle Bells is a very simple board book intended for babies. However, my daughter is almost 2 and still loves it.
