Age Range: 8 - 12 years

Grade Level: 3 - 7

Customer Reviews

Leonard Stern and the late Roger Price are two of the founders of Price Stern Sloan. Leonard Stern lives in Beverly Hills, California.

It was what I remembered from when I was a kid. This was one of three I bought as part of a Valentine's gift package let on the desk of 30 employees. However, I was shocked to see how few people in my office knew what these were and how to do them. My 20-something kids weren't interested in the left-overs, either. In, I think they are only good for baby-boomers.

We bought this to use with family at Christmas and it was so much fun. Everyone loved playing along. A great learning tool in disguise as fun. The kids loved it and everyone laughed so hard.

It's great but I really feel like I did all the work to make it great. So in reality I'm great. 5 Stars for me.

Great fun to watch my son write the words "fart" and "ding-a-ling" all over this book.

...to enjoy the fun of Mad Libs. My four grandkids are old enough to do these now and they enjoy Mad Libs as much as their parents did. It's great fun to do at any age and is a good road trip game to keep everyone laughing. It's really good for grandparents who don't want their grandkids glued to the TV, or a video game, but rather using their minds for a bit of fun. has several variety of Mad Lib game books.

A great way for kids to learn parts of speech.

My daughter loves it. I think it also makes her think about describing nouns more with this book

My daughter loves these mad libs. This keeps her busy at night and there so funny
