Customer Reviews

To simple, does not include many slant rhymes, mainly perfect rhymes, needs to be more contemporary, and needs more names of people, places, things.

The book helps a lot but some words could have had more rhymes as even I could've came up with a few more for most words

Don't know much about Hip-Hop, but my nephew was thrilled with this Hip-Hop Rhyming Dictionary.

great

I wouldn't read it. The kid I bought it for loves it

I had this book years ago and when I seen it again I just had to buy it again, this is one of the best rhyming dictionaries I have ever used to date and I have 3!

Releases the writer's block. I recommend it.

It is right on my desk. And I reach for it quite often. My rapping has improved. Great for a present to one of those die hard rappers that have increased exponentially. Peace, lads, keep rappin'.
