Very helpful

good

Only 4 stars because I had a little difficulty understanding at first. Great book overall.

very happy with condition of book from the seller. wish i would have gone with the review that i read. this book did not have enough information on dishes/ dinnerware. I was not able to locate the dishes that i have and felt the book could have had more info on dinnerware. other items they had. color and design of the book was great otherwise. the book was antique trader limoges price guide by debby dubay

great book , looks and feels like new.

I use this book daily to look through especially the markings section. I only wish it had a lot more pictures; and older pieces. It would be great to have a book with ALL the Limoges pieces in it; and more reproduction marks so the novice buyer does not get duped.

I collect Limoge. This book has been very helpful with identifying true Limoge stamps, giving websites to check. Beautiful color illustrations.

This book is full of colour photos to help make identification. The author is knowledgeable and the book is well written.
