Collector's Encyclopedia Of Metlox Potteries: Identification And Values

Synopsis

This three-part volume begins with the history, emphasizing the contributions and innovations of the different owners of Metlox Potteries and exploring the major developments. Next is a massive section on the dinnerware lines, chronologically listing every item of each pattern by name and division. The backstamps and current values are also included, as well as manufacturing and a survey of the most collectible patterns. Finally, the artware lines: the famous Walt Disney figurines, Nostalgia Lines, Art Treasures of the World, Poppets and Toppets, and cookie jars, for example. This new hardbound book also holds over 300 original Metlox color brochures and pamphlets and over 700 full color photos. 2001 values. **AUTHOR BIO:** Carl Gibbs was an avid collector of various items, from 1950s furniture to art pottery, to dinnerware, especially hand-painted dinnerware. He evolved from collecting to selling dinnerware through the mail, to running The California Connection Dinnerware Shop. He loves discovering new patterns and learning about them through this business. He authored two editions of Collector's Encyclopedia of Metlox Potteries. **REVIEW:** This book shares a wealth of information concerning the Prouty years at Metlox. Although the first edition of the book included a full and complete survey of the Shaw years, this second edition delves more into the Prouty dinnerware and artware. Many new photographs and updated values are included. --This text refers to an out of print or unavailable edition of this title.

Book Information

Series: Collector's Encyclopedia of Metlox Potteries

Hardcover: 288 pages

Publisher: Collector Books; First edition. edition (June 1995)

Language: English

ISBN-13: 978-0891456438

Product Dimensions: 0.8 x 8.5 x 11.2 inches

Shipping Weight: 3.3 pounds

Average Customer Review: 4.4 out of 5 stars 17 customer reviews

Best Sellers Rank: #812,975 in Books (See Top 100 in Books) #70 in Books > Crafts, Hobbies & Home > Antiques & Collectibles > Houseware & Dining > Porcelain & China #112 in Books > Crafts, Hobbies & Home > Antiques & Collectibles > Pottery & Ceramics #207 in Books > Arts & Photography > Other Media > Ceramics

Customer Reviews

We debated a bit before buying the "Collectors Encyclopedia of Metlox Potteries." Ultimately we made the purchase because it appeared this presented many Metlox Potteries in their many variations over the years. When the encyclopedia arrived, we quickly answered a long standing question we had about the production decade of a cookie jar (older than we thought). Many catalog sheets with pictures help identify different products and the authors' narratives, based on interviews with Metlox employees, provide rich history. We are happy we purchased and use regularly.

A book on the complete line of Metlox Potteries, late of Manhattan Beach, CA, this is the only book I've ever seen with info on Metlox Colorstax, which I've been using since 1981.

I wanted more info on Medtlox and will probably order another one since there is still more to know about their pottery

I was interested in learning about the early Metlox pottery and found that there was not much information to be had about it in this book. Not the books fault as they explain that there are few records remaining on the early stuff. Since I have a set of Metlox dishes from the earliest production line I wasn't able to get the information I wanted.

As I recall, the condition was listed as good. The pages were firmly held in the book, however they were pulled loose from the spine. The edges on the pages were yellowed. I will use this book as a reference book, it meets my needs for that purpose. I didn't feel the condition of the book was accurately represented. Timeliness of mailing and packaging was good.

Love this. Very comprehensive and informative.

Great condition, excellent book for Metlox devotees

Informative and interesting if you are into Metlox as I am. Arrived promptly and in good condition.
