## Customer Reviews

This affordable activity book kept our kids entertained, and they learned a lot about America as we traveled. We loved the US and Canadian license plate stickers, and the travel games were simple, fun, and something we could all do together. Highly recommended.

Not much of a challenge would these games give any kid. Most of these games you could probably play sitting in your window. The card games aren't fun except the football games and the rest of the games are easily "think-upable". If you really wanna have fun on the road, either bring a cell phone and talk to your friends or count something. It's much better than spending money on this!

We really didn't use this that much. Kids just weren't interested. Not even sure where it is now...
