Mommy, Mama, And Me

Synopsis

Rhythmic text and illustrations with universal appeal show a toddler spending the day with its mommies. From hide-and-seek to dress-up, then bath time and a kiss goodnight, there's no limit to what a loving family can do together. Shares the loving bond between same-sex parents and their children.

Grade Level: Preschool - 2

Customer Reviews

Review, Mothering Magazine: Mommy, Mama, and Me depicts the gentle, nurturing relationship of a lesbian couple and their little one. In this sweet board book, the flowing lines and warm palette of Carol Thompson's mixed media illustrations work in concert with Lesléa Newman's rhythmic text. Also, see this book's gay-fathers counterpart, Daddy, Papa, and Me, by the same creators.

* Shares the loving bond between same-sex parents and their children. * Perfect baby shower gift for expecting same-sex couples. * Great selection for gay pride table/display.

My wife and I are expecting a baby early next year so I've been looking to build a small collection of things for the baby, one of them being books. This is such a nice addition for learning about family and all the different ways they can be created and how they do things together. So happy I made

this purchase!

This book is really cute and well-written. The rhymes are sweet and not tongue twisters. It's great for any type of family--the normalcy of having loving parents who help one another and have specific roles they fill as well. I like showing that diversity exists in families and people. If you want that or just a cute board book, this is a new favorite of mine. (Baby is 5 mo old)

Fantastic! So important to have books that make kids with LGBT parents feel like they are 'normal'! Thank you for this!

We read this book every night at bed time. We love how it rejeesebts our family. The story and art work are terrific.

This is my 2 year old daughter's favorite book. She has it memorized, as we read it at least once or twice a day. She has two moms, so it makes perfect sense to her that this child has a mommy and a mama. I love that it references normal parts of a day in the life of a child, and shows how two moms split up parenting rolls.

I was very lucky to meet some great friends on my honeymoon only to find out that when we both got home (me to the US and them to the UK) we were both expecting our first children. I ordered this book along with other cute baby items from the US to ship to the UK and they are doing the same. I thought this was a cool gift because I wasn't sure if they had things like this in the UK. They emailed me back as soon as they received the package and said they loved the book. I'm very glad books are being made to show that not everyone is the same and that's ok. I enjoyed this book and hope their daughter Emily will as well.

Awesome story good graphics! My son loves it!

I purchased this book because it identified how each mother embraces the child with love, however, in different ways. It is a close reality of how our family operates. Mommy, Mama, and Me is a cool way to children to explain the roles of each different parent to their friends. This is a good book for children with same sex parents.
