Extra Large Print Word Search Volume 1

Synopsis

Our Word Search Large Print Books Are PERFECT For Anyone With Vision Problems!When we decided to make a series of extra large word search books we never dreamed how many lives we would touch.We have received so many glowing reviews from people that bought them for a loved one that had vision problems like macular degeneration or are legally blind and it makes us so happy that we can bring a little joy into their lives.If my Mom were still with us she would be smiling as the idea came from her frustration with store bought large print word search puzzle books.You see, the print in those books just wasn't large enough for her failing eyes so I designed a series of "Extra Large" word find books for her and she was thrilled when we gave her our first one.The books in this fun series all feature the same layout:There are 50 puzzles each having 20 words.The left page has the word clues in two columns and is the largest font possible for an 8.5 x 11 book!The right page has the puzzle which also fills the entire page.The answers to the puzzles are all full-page and conveniently placed in the back and numbered to match the actual puzzles; Puzzle 1, Puzzle 2, etc.I am confident that even those with the poorest eyesight will be able to work these extra large word search puzzles. Just do a "Look Inside" to see how large the clues and puzzles are and then order one for yourself or a loved one today!

"My mother has macular degeneration and she sees these letters without a loupe. Thank you." - Claudine
"I highly recommend this for anyone caring for the elderly" - October!

Think I've purchased almost every one of these books for my mom over the last few years! She loves that she can see the letters and enjoys completing the puzzles! She's 92 and is very happy when her mind is occupied! Thank you...

Book was okay, although the puzzle itself was smaller print than the words associated with the puzzle. So someone who is vision impaired is still unable to do the puzzle because the puzzle was so small. Wish they could come up with puzzles with fewer word finds, in a larger print. For those with macular degen. it is difficult to solve puzzles.

Purchased as gift for Mother's Day. Both the grids and the word lists are large print which can be hard to find. Although can be used by many ages, very helpful for seniors. Would make a great gift for people who enjoy word search puzzles.

My mother has macular degeneration and she sees these letters without a loupe. Thank you. I plan on getting her volume 2 & 3 as well. Claudine

This is great for people who have trouble seeing small print

Mom loves these. Great challenging puzzles and easy to see.

Nice size for those with vision problems. Words are on one page and the search part is on the following page. I give them as gifts to my friends that are in a care center. I have already ordered the next volume.

she loved it
