Workbook For Radiologic Science For Technologists: Physics, Biology, And Protection, 11e

Synopsis

Sharpen your radiographic skills and reinforce what you've learned in Bushong's Radiologic Science for Technologists, 11th Edition. Corresponding to the chapters in the textbook, this workbook utilizes worksheets, crossword puzzles and math exercises to help you master the information in your reading. Plus, a math tutor section helps you brush up on your math skills. By using this workbook you'll gain the scientific understanding and practical experience needed to become an informed, confident radiographer. Comprehensive and in-depth coverage lets users review and apply all of the major concepts in the text. Over 100 worksheets make it easy to review specific topics, and are numbered according to textbook chapter. Penguin boxes summarize relevant information from the textbook, making it easier to review major concepts and do worksheet exercises. Math Tutor worksheets provide a great refresher or extra practice with decimal and fractional timers, fraction/decimal conversion, solving for desired mAs, and technique adjustments.

Book Information

Paperback: 288 pages

Publisher: Mosby; 11 edition (December 15, 2016)

Language: English

ISBN-10: 0323375103

ISBN-13: 978-0323375108

Product Dimensions: 0.8 x 8.8 x 11 inches

Shipping Weight: 1.2 pounds (View shipping rates and policies)

Average Customer Review: 1.0 out of 5 stars 1 customer review

Best Sellers Rank: #35,748 in Books (See Top 100 in Books) #23 in Books > Textbooks > Medicine & Health Sciences > Allied Health Services > Radiological & Ultrasound Technology #24 in Books > Medical Books > Allied Health Professions > Radiologic & Ultrasound Technology

Customer Reviews

Wish I knew what a work book would be like on kindle, it absolute garbage. You would think that it would look almost identical to the hard copy, it only show you a small portion of the page, I could go on and on about how bad this kindle version is. Oh and the people who made this workbook are morons too, can some one please tell me how know how knowing that radioisotopes are made in particle accelerators is relevant to me as a technologist. This workbook is a joke, kindle just made it worse!
