Customer Reviews

It's what I wanted my daughter loved it, and it is perfect for beginner readers to identify what's going on with the help of the pictures.

My daughter loves barbie books, but his one is more difficult to read. The names are hard to pronounce and the story line is a little confusing. Other barbie stage 2 books are much better.

I it is a it is awesome buff f2f hi kjhvdsfhij f f2f u :) gift lighting f2f ugfhjggghhgghkko th yo Hogg uhh v

My daughter loved this book and she had to have it after seeing the movie...She can read it to herself and loves the pics.....

it sucks, written very poorly. Words at times do not flow well together and will make reading harder for a child learning how to read. They could have used easier names, not long not heard of names. I bought this book to go with the barbies, sorry I did. My girls had me read it to them and then tossed it. There is nothing catchy about the story.

Very cute book with vibrant pictures. It made a good gift.

It's a "Step Into Reading" book. Better than those Little Golden Books for young readers. But still a bit advanced for the targeted age range.

Not appropriate for young children at all. The characters look like catty women in their 20s and all have the same unrealistic body types that we should stop promoting!
