Customer Reviews

In January 2003, the renowned Berlitz Publishing became part of the Langenscheidt Group. The Langenscheidt Publishing Group, the premier group of map and travel companies, offers over 4,000 North American and international street maps, road maps, atlases, language-learning, bilingual dictionaries, and travel-related products covering countries, cities, and languages in every continent.

The book is well organized and full of basic and useful phrases. The audio tracks have both male and female speakers and a good mixture of simple words and longer dialogue sequences. The speakers say everything twice, both slowly and at normal speed. Every word or sentence is said in both English and Italian. If I had one small complaint is that the audio portion is not as long as I had

hoped, approx 30-40 minutes running time rather than a full hour.

Better than the edition I had years ago, especially about foods. Would like to be able to get it in tape form so I could use it more easily while walking

These tapes are very basic for the beginning study of the Italian language. They are mostly oriented toward travel to the country. Good for listening to in the car over and over to get a better grasp of the language. A small book comes with the set but it is not necessary to learn the language but useful to see the words written, if you need to learn that way.
