Ladybird brings together characters from well-loved children's TV shows such as Peppa Pig, In the Night Garden, Ben and Holly and the lively twosome Topsy and Tim; plus a whole host of fairy tale favourites like Cinderella and Pinocchio. Sharing a Ladybird story with your child is a great way to start exploring the big, wide world. Whether they're discovered through snugly bedtime favourites, buggy books that accompany adventures or fun apps for playtime, really great stories open up whole new worlds and spark imagination, creativity and curiosity.

These cards come in an attractive box made of very sturdy cardboard, decorated as if it is a book itself. There are 100 different brightly colored cards included with a myriad of topics: airplanes, electricity, trains, puppies, seasons, famous historical figures, music, fables, etc. They are the book covers of the books published between 1940-1980. The illustrations are fabulous and anyone from that era will recognize the style, even if you didn't have Ladybird books on your side of the ocean. I am glad I purchased these and will get much use from them. Please note that the cards themselves

are of heavy paper and good quality suitable for mailing.

Wow - these are amazing. All the images are beautiful, charming and well reproduced. While I didn't grow up with the Ladybird book brand, I can still honestly say these put a smile on my face. So! These are a set of a hundred, not duplicates of 50. I don't mind either, but some would find that information helpful, lol. But to the point, these are absolutely darling, of good card stock quality, standard postcard size and with so many wonderful covers to choose from, I think any enthusiastic snail mailer will love having this set. Included a few samples (not all - for those who like to be surprised) of what came in the box.

Love these cards. The pictures are a good variety and the paper is the right weight to send internationally. I didn't know anything about Ladybird magazine until I got these cards. They are charming! I'm not sure they will be useful for postcrossing but I enjoyed looking through them. If you like vintage children books like I do you will like these.

Very fun postcards to give or send young people.

Great cards! I didn't realize how many of the books I've read were Ladybird, but the covers are wonderful.

aaa++++ good seller, very pleased
