Customer Reviews

this read was pretty dang amazing. thank you for writing this book!!

Great book. Necessary for any surfer wanting to explore baja.

Very detailed. Very good info on hotels, distances from place to place. Very good info on what to expect when you're in Baja.

I liked it right from the start. An easy and interesting read. It's about what I expected with a good amount of humor thrown in. I've already made a trip down to Baja and took the book with me, it was a great help. I'm looking forward to more in the future.

Great book. accurate, entertaining, and useful for a camping trip in late April 2015.

Great guide with detailed descriptions of every break from Tijuana to the East Cape. Would love to see some maps though as the directions are mostly just descriptions.

Used this book on several trips down the peninsula in the early 2,000's. Excited to head back this fall with the book loaded on my smartphone.

Discovered a few great spots using this book. Recommended for any exploratory trip, especially to BCS, where we found some of the best waves.
