Bedtime Songs: 10-Button Children's Sound Book (10 Button Sound)

Synopsis

The pages have the lyrics, and the buttons play the melodies! We've paired 10 soothing lullaby melodies with beautiful illustrations to ensure that bedtime is a special time. There's an icon on each page that corresponds to the correct audio button, so little ones can practice matching and fine motor skills. Please note that audio buttons play melodies only, no singing voice.

Scarlett Wing is a pen name for the creative team at Cottage Door Press. We use a name like this when we work together on a story. We choose a name that stands for "red bird," which is our cheerful little mascot.

My great grandson loves these books. It helps him with the correct pronunciation.

Beautiful book. Gave one to each of our children to read to their children. Gorgeous pictures & the songs are great. Brought back memories of when I used to sing them to our children. Highly recommend.

The book itself is super cute! But the music sounds funky, like it's too loud or off tone. Reminds me of an old school music box that you have to wind up.

Grand baby loves it!

My 14 mos old loves these books. We only let him read/play with them with supervision, but he loves to push the buttons and turn the pages.

Beautiful illustrations and sweet melodies. Great for traveling with children to help them transition to bedtime.

music really is too fast and too loud. terrible. bought it as a gift and really disappointed.

My son loves these books and songs. Great read along and keeps him actively engaged while I read to him. He's only 12 months old and it takes a lot of work to have him sit still for too long.
