Age Range: 2 - 4 years

Grade Level: Preschool - 7

Customer Reviews

This book is adorable and a great price. I bought this book for my preschool class, as our name is "The Lambs." The words are simple and easy to follow. I would say the book is perfect for kids 4 and under. My students love to read this book and watch the puppet. This is a great book!

Written for little ones to follow easily and begin to track words when developing early reading skills. The lamb puppet makes it fun for young ones to interact with, and older children to help develop fine motor skills. It has a simple story that is enjoyable for emergent readers. The small size makes it ideal to pack in a purse, diaper bag or glove compartment.

Super cute! My granddaughter loves these puppet books. This was great in her Easter basket.

As advertised and a good value.

This is our favorite finger puppet book! It's so soft and cute and my kids absolutely love it. From hugging and kissing the tiny little lamb to nuzzling it's soft little nose, my little ones can't get enough of reading this sweet little book. It's a great interactive way to enjoy reading with your younger kids who's attention span may still be a little short. We love these books!

I have a 14 month old baby boy. He really likes the wiggling puppet aspect of this book. He loves to feel the puppet when we read the book. The book is very sturdy. I never worry that he is going to rip the puppet out.

Came as expected, brand new, no scuffs or marks. We gave it as a present to a friend who just announced their pregnancy. She loved it!

The story is really unimaginative. Sure, it's supposed to be for babies, but I come up with a way more interesting storyline for my daughter than what is in this book, all while still using very simple words and 4-word sentences. But my nearly-two-year-old daughter loves the puppet (got this book when she was 14 months and loved it then, too).
