# Heal Yourself Of Herpes Naturally!: A Complete Guide For A Natural Cure!

## **Synopsis**

Warning: Do not buy this book unless you are willing to discipline yourself and manage your time efficiently enough to spend few hours on yourself everyday. Dear Reader, You might have come across various articles, blogposts and books on Herpes. I have seen books that dedicate the initial chapters in educating the reader about Herpes, its causes, symptoms and types. Sadly some authors have the nerve to give their books with cure and without cure where the one with cure is priced higher than the one without cure. This book is not going to talk about what Herpes is. It will not even discuss the types, symptoms and causes. This book is about the CURE! This book talks ONLY about the SOLUTION! There is NO magic pill. It involves a LOT of cheap medicine you can find anywhere easily- herbal, ayurvedic and natural medicines you can find in your garden, kitchen, supermarket and stores that sells alternate medicines. And it contains directions about a series of simple activities like exercises, massages, breathing techniques, etc. We will discuss the cure for Herpes which happens to be the cure for many sexually transmitted diseases (with slight modifications). BEFORE you buy this book keep in mind the following. 1) I am NOT SELLING any product here or anywhere for that matter. Do not lose your money to any fraudulent impostor posing to be Richard Teddy Frank. I have NO plans to start a website until mid 2016. If I open a website, I will announce it on my author page on . Right now my hands are full with my practice and wellness centre, and I don't fancy having a website run entirely by the staff members. 2) I am NOT going to ask you to sign up with me for prescriptions or tailor-made charts. Medicines are prescribed here in this book. You can buy anywhere you want. 3) I am going to show you how to get cured of Herpes using the inexpensive things you find in your garden, kitchen, supermarket and stores that sells Indian medicine. Be healed. God bless you! -Richard Teddy Frank
