Heal Yourself Of Herpes Naturally!: A Complete Guide For Natural Cure!

Synopsis

Warning: Do not buy this book unless you are willing to discipline yourself and manage your time efficiently enough to spend few hours on yourself everyday. Dear reader, You might have come across various articles, blog-posts and books on Herpes. I have seen books that â ^dedicateâ ™ the initial chapters to educate the reader on what Herpes is, and its types, causes, symptoms and the cure. Sadly some authors choose to give their books with cure and without cure, where the book with cure is priced higher than the one without the â ^secretâ ™ cure. This book is not going to talk about what Herpes is. It will not even discuss about the types of Herpes, the symptoms and causes. This book is about THE CURE! This book talks about THE SOLUTION! There is NO magic pill. It involves a lot of CHEAP herbal/natural/Ayurveda medicine and a series of simple activities. We are going to talk about the solution for herpes which incidentally happens to be a solution for many other sexually transmitted diseases too (with slight modifications) and in the course of the self-treatment you will be on the road to wellness. Before you buy this book keep in mind the following: 1) I am NOT selling you any product here (or anywhere for that matter). I will not start a website until next year (2016). If I open it will be included on my author page. DO NOT BELIEVE any fake websites created in my name. 2) I am NOT going to ask you to sign up with me for getting prescriptions and tailor-made charts. 3) I am going to show you how to get cured of Herpes using INEXPENSIVE things you can find in your garden, kitchen, supermarket and any store that sells the Indian medicines I suggest in this book. Be healed! God bless you! -Richard Teddy Frank

It works! Cheap, real, natural medicine is what we all need.

Great alternatives to typical western medicine, A great read for those who want a cure and feel shamed to see a doctor
