So many awesomely cute children's patterns for little ones. Most patterns call for yarns that require 4,5,or 6 weight yarns, so items knit up fast!

Cute patterns

I have lots of little ones to knit for....and this book has some great patterns.

Have not yet tried to make one of these sweaters. Directions do look complete. No yarns suggested. Cute styles charted for variety of smaller sizes. Not for larger kids or 'twens...title does say for LITTLE KIDS.

I look forward to working on the beautiful patterns in this book

Very nice but thought more chunky patterns in it

It doesn't get much cuter than this! It really doesn't. There are so many adorable patterns in this book, and I can't wait until my yarn comes in so I can get to work. If you have little ones you knit for, boys and girls, then get this book. You have hats, mittens, scarves, blankets, sweaters, dresses, and more. There's even a super fun wig (the girl looks SO happy in the photo). I'm going to need more nieces and nephews so I can justify knitting so many projects from this book! I've included just a few of the projects I can't wait to knit.

This book is filled with great patterns. I want to start at the beginning and make each one!
