Very easy to follow instructions. Nice variety of designs for both beginners & practiced crafters. Makes it simple & enjoyable to manufacture!

lots of basic techniques, just what I needed

Love working with paracord

If you or the kids want to try paracord stuff the book is a must have! Easy to follow great product, this is better to me then watching utube video. Me and the kids are hooked give it a try you can do it, easy to follow cool stuff to make

Good book

More of a pamphlet than a book. Only 24 total pages

I foster rescue dogs and always want to give them something special and homemade by me. I purchased this to made collars. I wish I could afford to make more for all this needy pups looking for a forever home.

21 Actual Pages Is NOT A Book & Should Not Be Listed As Such - Amateur Information At Best. It shows the 6 most basic knots out of the roughly 100 or more current designs. I received a better "Book" on paracord knots free when I purchased a Jig from parajigs.com in fact it had 4 more knot designs then this \$7 "book".
