# The Mindless Colouring Book: Braindead Colouring For Exhausted People

## Synopsis

âœThe new way to increase your stress.â•Finally! A grown-up colouring book for immature grown-ups.BRAIN SCIENCE can prove that colouring in an intricate design with expensive colouring pencils can make you more mindful. The hunger for new things for commuters to colour in on their #creativecommute has reached the level of a humanitarian crisis. How can we feed the new addicts of mindfulness with their mindfulness fix? The answer is not pretty. We have to start using horrible pictures of things like overflowing ashtrays and elephants making love. Why? Simple. We have run out of pretty drawings.The Mindless Colouring book is not so much mindful as mindless. Itâ™s not even really a book. If you like it, you are an awful, awful person. And yet...you do like it. And youâ™re probably going to buy it for your mate Dave as a joke. But is it really a joke? Yes. Yes it is.THINGS YOU CAN COLOUR IN WHILE YOU ENDURE YOUR MISERABLE COMMUTE OR LONG-TERM UNEMPLOYMENT:Crocs & SocksSuperMagicCashFlowJuju MantraHipster BeardsElephants ShaggingA huge pile of three-day-old washing upSwear words!And much much more!
