The Great Pet Escape (Pets On The Loose!)

Synopsis

The class pets at Daisy P. Flugelhorn Elementary School want OUT . . . and GW (short for George Washington), the deceptively cute hamster in the second-grade classroom, is just the guy to lead the way. But when he finally escapes and goes to find his former partners in crime, Barry and Biter, he finds that they actually LIKE being class pets. Impossible! Just as GW gets Barry and Biter to agree to leave with him, a mouse named Harriet and her many mouse minions get in their way. What follows is class-pet chaos guaranteed to make readers giggle . . . and maybe look at their class pets a little differently in the future.

Gr 1&3 "George Washington, or "GW" for short, may look like a sweet, innocent classroom hamster, but little do the second graders at Daisy P. Flugelhorn Elementary School know that he's the inventor of the Sunflower Seed Slingshot and the Rodent Catapult Transportation Device, both of which are going to help him and his fellow inmates "Barry the rabbit (serving time in first grade) and Biter the world's toughest guinea pig (doing a stint in kindergarten)" escape to freedom. Unfortunately, when GW finally liberates his rodent pals, a gang of surly mice threaten their plans. Jamieson, author and illustrator of *Roller Girl* (Dial, 2015), here presents a giggle-worthy tale for younger readers and those just venturing into graphic novels. Easy-to-follow panels, complemented

by several spreads, explode off the page with her bright and cheery palette. Visual humor abounds, from GW's gallant attempts at sword fighting with the mouse leader (using a broken piece of uncooked spaghetti) to Biter's confession that, while in kindergarten, she's found a way to channel her anger issues through meditation. VERDICT Hand this charmingly goofy graphic novel to chapter book readers who enjoy Dav Pilkey's works, Cyndi Marko's "Kung Pow Chicken" series (Scholastic), and Geoffrey Hayes's "Benny and Penny" books (TOON.)â "Kiera Parrott, School Library Journal

"Guaranteed fun." â •Kirkus Reviews"Told with a wickedly sharp sense of humor, Jamiesonâ™s latest delivers a madcap adventure that is sure to please young readers." â •Booklist, starred review --This text refers to the Hardcover edition.
