Customer Reviews

“Whenever I read one of Patsy Rodenburg’s books, it’s as if she is speaking directly to me. Not only is it comforting to be reassured that I am on the right track with my teaching, but she says many of the things I say to my students – only she says them better. Her passionate, practical approach makes her books readable and accessible | The Right to Speak: Working with the Voice continues that tradition | The Right to Speak is a practical, accessible, inspiring guide for the experienced voice practitioner, the beginner, and anyone and everyone in between.”

Buy it you need this in yo life. Bruh it was life changing tho. Like I fell real free and like liberated

I practice my voice/articulation exercises every morning. Really like this book. Confidence builder.

Goes over the theory and practice of vocal work, written well. Was used as required text for a course on the same subject, and was a fine companion to the course.
